Motton, Kuldeep Gupta, Rajinder Singh, Gurvinder Singh Deupu and others. Earlier addressing the gathering Shri Mula Ram paid rich tributes to the former Prime Minister Pt. Jawahar Lal Nehru and remembered his great contribution in the freedom struggle and as First Prime Minister of the Country and described him as the architect of modern India.

He said that the present BJP Govt. led by Shri Narinder Modi has been systematically destroying the democratic institutions and the culture in the country and spreading hatred besides destroying economy and harming the pluralistic harmony. He asked the people to oppose the wrong policies of the BJP and force the Govt. through democratic means to shun its anti-people anti-poor and anti-youth policies.

Speaking on the occasion Shri Raman Bhalla said that the economy has hit the lowest high while lakhs of people became jobless. He said that BJP government has been "running the public harassment campaign" for so long, and now the Congress party has started the 'Jan Jagran Abhiyan' to demand justice for the people of the country. The people of the country are having a severe and miserable way of life due to policies of the PM Modi led government. In the last two years, we are

witnessing a terrible price rise of petrol, diesel and edible oil.

He said that the Congress party had been undertaking multiple campaigns in J&K but the Central government was silent on the crisis of inflation. The Congress party has undertaken several campaigns, but the Centre is still in "deep slumber", he said. "The Congress party has again decided to wake the Modi government up from its slumber and launch a public awareness campaign against the rising inflation from November 14 to 29," Bhalla said. Bhalla said that the unemployment rate is at an all time high at 8.9%. "During 10 years of Govt, Congress-UPA pulled 27 crore Indians out from 'Below the Poverty Line'(BPL). Over the last two years, the Modi Govt has pushed 23 crore fellow Indians back below the poverty line", he said. Citing data, he said that 14 crore jobs were lost during the Covid period alone. Crores of daily wagers and the salaried class have faced up to 50% salary cut.

The government's own 'Periodic Labour Force Survey' has further highlighted the miserable conditions, farmers are forced to live in. The survey highlights that farmers in India earn an average of Rs 27 per day, even below the MGNREGA wage. 22 out of 36 states and UTs have run out of MGNREGA funds and an additional Rs 50

thousand Crore of budgeted outlay is required, which Modi Govt is refusing to provide. All this is adding to the woes of the people.

The Jan Jagran Abhiyan will focus on these woes of people and During the course of the 'Jan Jagran Abhiyan', Congress party workers will reach out to the maximum number of people across J&K to strengthen the people's voice against the unprecedented price rise in cooking gas, diesel, petrol, cooking oil, pulses and other essential commodities, added Bhalla.

Bhalla said the prices of mustard and other edible oils have doubled in the last one year, while seasonal vegetable prices have increased by 40-50 per cent in a month. "The cost of subsidized LPG cylinder has gone up by 50 per cent to Rs 900-1,000 in the last one year. Similarly, petrol and diesel prices have gone up by Rs 34.38 and 24.38 to Rs 103.97 and Rs 86.67 per litre, respectively in the last 18 months," he added. The party believes the Narendra Modi government has not been signed by the galloping fuel prices because people are not aware of the basic facts, and has decided to explain through the campaign how the Centre has "looted" Rs 23 lakh crore over the past seven years through taxes on petroleum products. "Even after the reduction of taxes last week, the central excise on petrol is Rs 29 per litre which was just Rs 9.48 during the Congress-led UPA regime. On diesel, the central excise is Rs 28 per litre against Rs 3 in 2014," Bhalla said. Back-breaking price rise and inflation and loss of jobs have made life miserable for the common man. The people of the country are undergoing tremendous misery because of the policies and actions.
